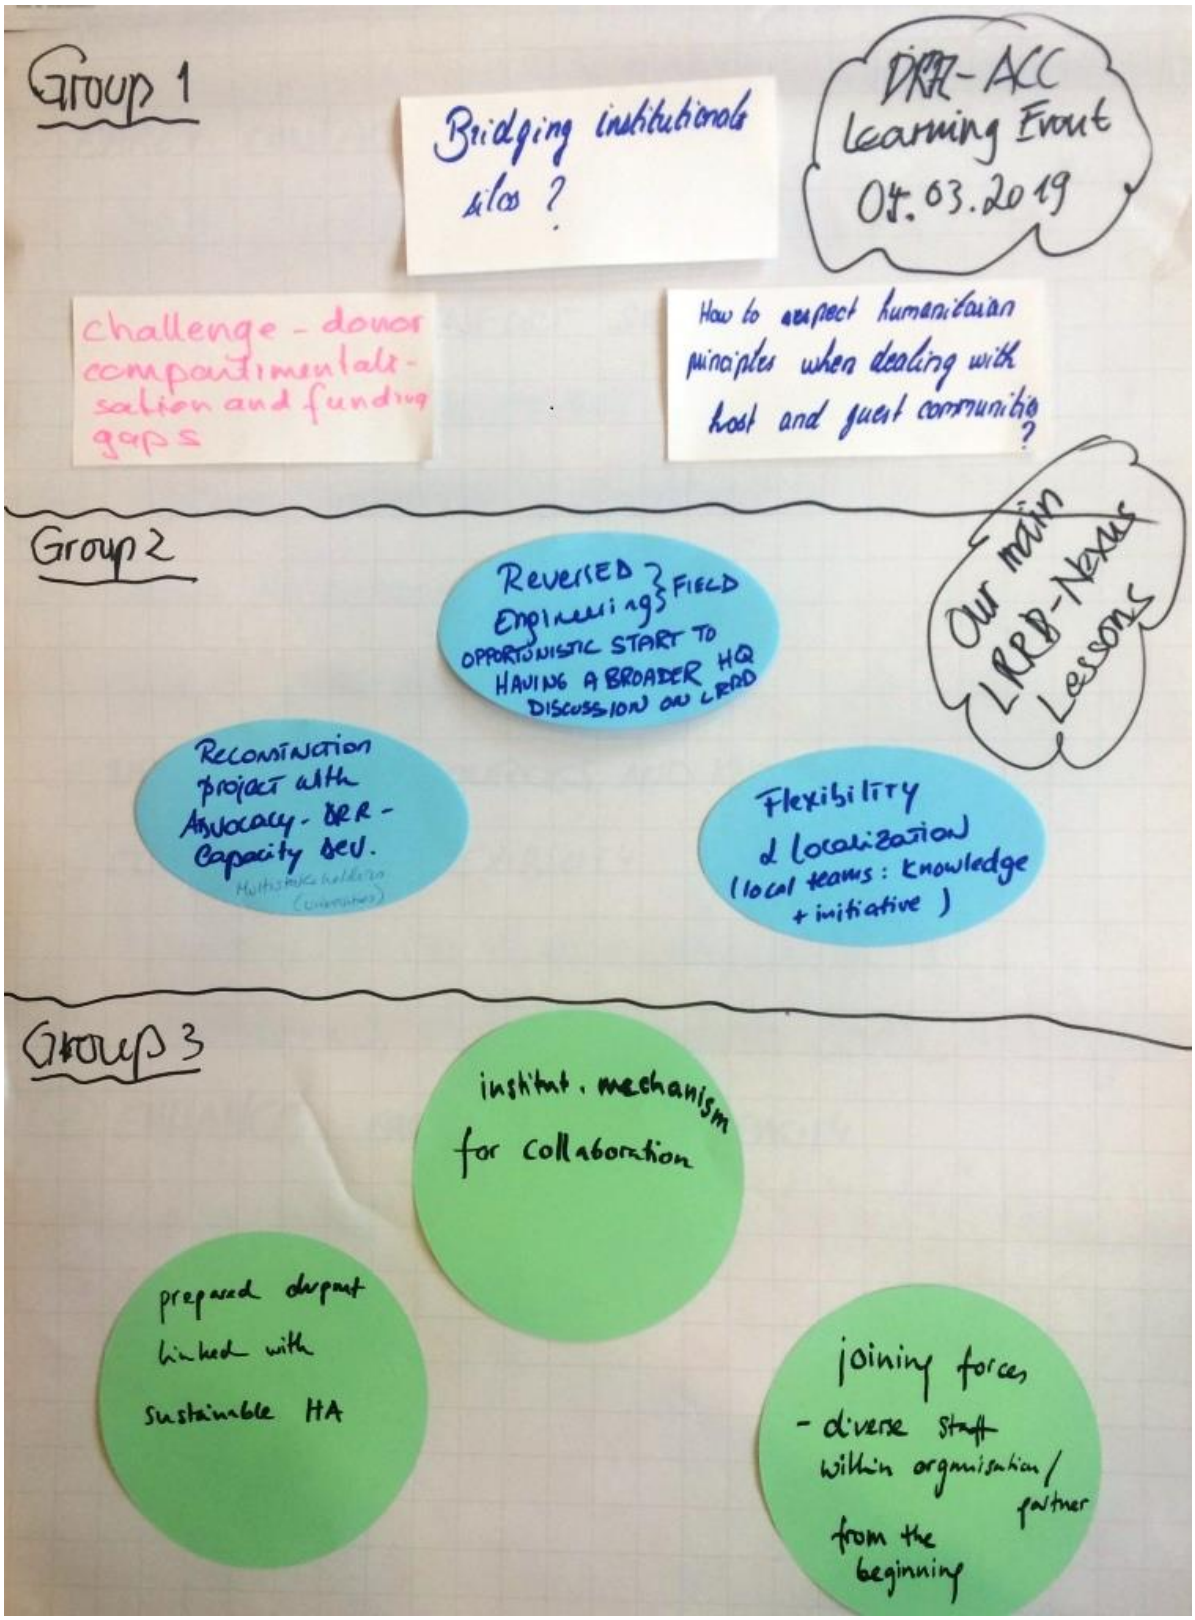
Learning Event LRRD / Humanitarian Development Nexus

Group Work Results

Interactive Session 1

- "What practical experience have we had in response and rehabilitation operations with regard to development operations (operational and institutional), or vice versa?



Interactive Session 2

- Determine yourself the starting/end points of the RR and D timelines (continuum vs. contiguum.
- Place bars along the RR and D timelines (actions) and milestones (points) and name in these the legend below.
- Visualize nexus opportunities between these actions and milestones with double arrows.
- Place cards in the two rows (RR and D) for institutional actors indicating the nature of such actors
- Visualize nexus opportunities between these actors with double arrows in another color.
