

Invitation to a webinar: Effective Advocacy for Disaster Risk Reduction and Climate Change Adaptation

21st January 2020, 13:00 – 14:00 (GMT)

On behalf of the Swiss NGO DRR Platform, and facilitated by Save the Children, GNDR will present key tools to support designing, implementing and evaluating an advocacy initiative at national or international level, including:

- [Towards climate and disaster resilient development](#) – a packing list for your advocacy journey (2019)
- A more in depth discussion of the [GNDR toolkit](#) designed to help guide civil society organizations to work together to plan and undertake an advocacy initiative around resilience issues within their countries.

About GNDR

GNDR is the largest international network of civil society organizations that work to strengthen resilience and reduce risk in communities worldwide. We are more than 1000 organizations working in over 110 countries. GNDR members work together to influence policies and practices at international, national and local levels. We create and share knowledge through collaborative learning and action.

About Save the Children

Save the Children is the leading independent children's right organization that ensures children have a healthy start in life, the opportunity to learn and protection from harm. We are present in more than 120 countries where we carry out programmes for children in need worldwide.
