# Invitation to a webinar: Humanitarian - Development Nexus

The potential of Disaster Risk Reduction (DRR)  
as a linking element for the nexus  
Webinar with a focus on Africa  
1<sup>st</sup> April, 2020, 11h30 – 12h30 (CET)

## Outline and objectives

In March 2019, the Swiss NGO DRR Platform organized a one-day learning event on the topic of humanitarian aid - development, which will be summarized through this webinar format. This webinar edition has a focus on the African context. It aims at enhanced capacities of practitioners, through

- an introduction to the nexus concept, trends and challenges;
- a better understanding of DRR as a key element of the Nexus approach and how it is applied by Platform member organisations through the illustration of good practices;
- sharing of participants' experience, challenges and expectations related to the topic to shape the international face to face (F2F) event planned for autumn 2020.

## Target audience

Practitioners working in development and humanitarian contexts, who are interested to better understand and link humanitarian aid and development cooperation through DRR. Through the webinar format we'd like to encourage the participation of colleagues working in partner countries in the field.

## Webinar editions with regional focus

**Webinar 2:** Focus on Africa, 1<sup>st</sup> April, 2020 11h30 – 12h30 CET (language English)
