HELVETAS Swiss
Intercooperation

Learning Event on DRR and
Fragility

7 April 2015

Swiss NGO DRR Platform

Objective of today's learning event

To enhance mutual sharing and learning among practitioners in the field of DRR and fragility.

■ Outcomes:

- Exchange experience about practices, lessons learned and challenges in the field of DRR in fragile and conflict affected situations;
- Participants have a better understanding about the interlinkage between DRR and fragility;
- Participants are sensitised on how potential risks are minimized in a systematic way when planning activities in the field of DRR and fragility.

Program of the day

Part I
Refresher: DRR
and Fragility

Parte II
DRR and Fragility:
approaches and case
studies

Part III
Plenary
Discussion, WG
and case studies

Process of exchange and sharing combined with concrete examples

- Personal Information
- Experience in the field of DRR and fragility
- What are your and the institution's main challenges and questions you are facing in the field of DRR and fragility?
