

Impressions of the last two Days

The concepts

Risk stairs from AVOID to BEAR

From MITIGATION to ADAPTATION

Risk Management from PREVENTION to BBBetter

More Concepts

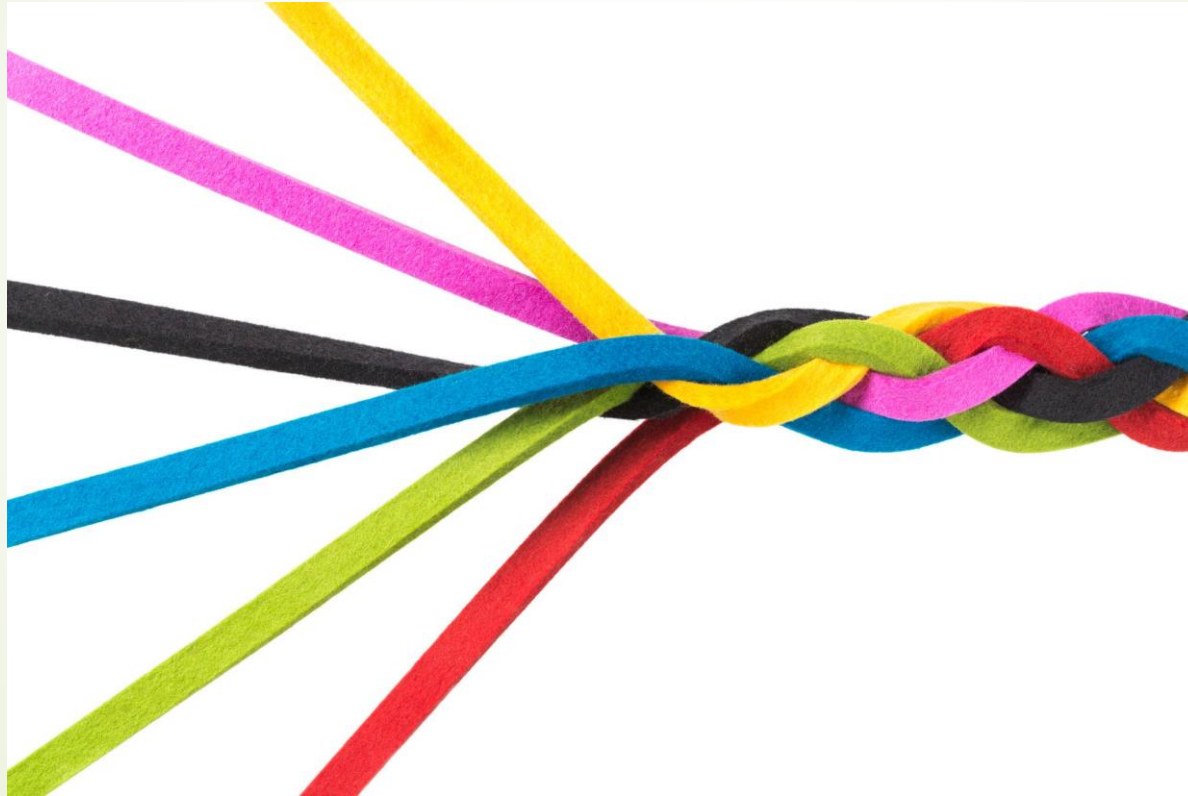

From GENDER NEGATIVE to GENDER TRANSFORMATIVE

GENDER LENSES

WHAT DO WE TAKE FROM This CONFERENCE

KNOW YOUR CONCEPTS, THINK «ALIGNEMENT», INTERTWINE

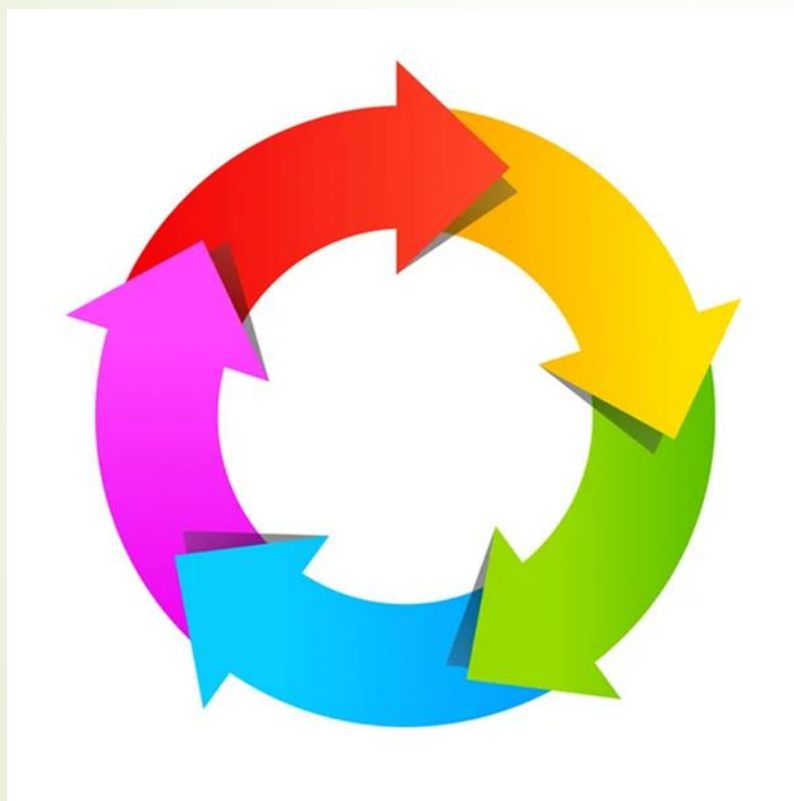

Make VOICES HEARD

Note: The data refers to deaths for which sex-disaggregated data is available. This data is not available for HR, BG, CY and MT.
The value for the 23 EU countries is an average calculated by EPRS.
The current disaggregated datasets are incomplete and should be interpreted with caution, in particular as regards comparisons between countries.

Data source: Global Health 50/50.

COLLECT DISAGGREGATED DATA

GENDER-LENS THE DRM-CYLES

AIM HIGH – THINK TRANSFORMATIVE
